The City will also be having its first city-wide electronics recycling this weekend at the Animal Shelter in conjunction with the Great American Clean Up event. Charles Ross made a motion to approve the minutes of the March 11, 2013 Planning and Zoning Commission meeting. Warren Becker seconded the motion. The motion passed with all voting in favor.

4. Consider approval of a Site Plan for a Mortuary and Crematory use on an approximately 0.695 acre tract of land located at 6810 State Highway 78, more particularly described as Lot 2, Block A of the proposed Metro Mortuary and Cremation Services Addition.

Mr. Kurbansade introduced the item. He explained the property received approval for the Special Use Permit on December 3, 2012. The Preliminary Plat was approved on April 1, 2013 and this request is a follow-up requirement of the Special Use Permit. After approval of the Site Plan the property owner will proceed with administrative review of civil engineering plans and building plans. Mr. Everett asked if the gravel driveway located on the site plan would be part of this development. Mr. Kurbansade stated that the existing gravel driveway is for the Pet Cemetery and will remain and is not part of Lot 2 where the Mortuary and Crematory will be located.

Scott Everett made a motion to approve the site plan for Metro Mortuary and Cremation Services. Charles Ross seconded the motion. The motion passed unanimously with all voting in favor.
