Executive Summary

Background

The Texas Book Festival was founded in 1995. Since then, it has been a part of the Texas Book Festival's mission to promote Texas libraries and literacy. Each year, funds raised at the annual Texas Book Festival support grants that redistributed the following year. Since 1996, the organization has donated more than \$2.3 million to more than 600 libraries across Texas.

The Texas Book Festival grants are in three categories with three separate grants. The Collection Enhancement grant supports librarians in replacing worn books and adding new books to the collection. They serve to upgrade or increase the book collection. Collection Enhancement grants are funded up to \$2500.00. The Sachse Public Library will apply for a \$2500 for e-books targeting readers in grades 6 to 12. The other grant is for a literacy initiative. The literacy initiative funds sustainable programs that increase literacy in the community. These programs can be targeted at a specific community or audience and can include funding for materials required to support the literacy initiative. Literacy grants are funded up to \$5000.00.

2014 Literacy Initiative Grant Guidelines

Literacy: –noun

1. The quality or state of being literate, esp. the ability to read and write.
2. Possession of education: to question someone's literacy.
3. A person's knowledge of a particular subject or field: to acquire computer literacy.

Literacy initiatives can be the critical services and programs that support the public library role for community reading and learning. Literacy Initiatives can include family or intergenerational programming, early or emergent literacy programming, school-age and/or young adult programs such as book clubs, book discussion groups, tutoring services, adult learning services, new adult reader services, programs for non English speaking patrons, and partnerships with non-profits who serve patrons or potential patrons who have literacy needs. These programs enhance use of the library and support efforts to become better readers or to appreciate reading as an activity. They do not necessarily have to teach people to read or have formal elements that improve reading skills. For the purposes of this grant, the initiatives focus more on programs and services rather than materials added to the collection.

There are as many examples of literacy programs and services as there are patrons with needs. Applicants may wish to review the following samples of programs and services. Even though web sites may direct interested applicants to large public libraries as well as small public libraries, all sizes of libraries should be able to get some great ideas!

- The **Literacy Directory** at <http://www.literacydirectory.org>
- Or a searchable directory of members of the **Texas Center for the Advancement of Literacy and Learning** at <http://www-tcall.tamu.edu/provider/search.htm>

Technology Grant Application

Technology grants assist libraries in purchasing distance-learning education equipment, upgrading internet connections, purchasing new or upgraded hardware and software for patrons' use, or hiring IT consultants to assist in upgrading hardware, software, internet connections and security. This grant may also be used to provide training for patrons on specific software and to purchase or upgrade library check out systems. Technology grants are funded up to \$5,000.

Collections Grant Application

Collection Enhancement Grants support libraries in replacing worn books and adding new books to the collection. They serve to upgrade or increase book collections, e-books, books on CD, and special collections in support of community needs. Collection Enhancement Grants are funded up to \$2,500.

*A Note About E-Content: E-book subscription services and the individual purchasing of e-books may be funded if the library already has a subscription service and e-readers established. If the library is seeking funding for subscription services and e-books, the library must include details about its current e-readers and subscription services in section 1A of the grant application. As the purpose of the TBF Collection Enhancement grants is to enhance public content through sustainable collections, TBF funds should not be used to initiate e-content subscriptions when no history of ongoing funding is present. The TBF funds can be used to increase demand for e-content supply when the requesting library has a history of sustaining such content through local funding.

Literacy Initiative Grant Application

Literacy Initiative Grants fund sustainable programs that increase literacy in the community. These programs can be targeted at a specific community or audience and can include funding for the materials required to support the literacy initiative. Literacy Initiative grants are funded up to \$5,000.

Guidelines:

***Please read guidelines carefully as some of our policies have changed.**

Eligibility

Any Texas public library that reports to Texas State Library and Archives Commission (TSLAC) is eligible to apply for TBF grants. Public library standards are promulgated through the TSLAC and are codified in the *Texas Administrative Code*, Title 13, Part 1, Chapter 1, Subchapter C. Essentially, these requirements stipulate a certain number of hours open, free access to the public, and minimal staffing and materials levels. The purpose of using these state standards is to ensure that any entity applying for TBF funds does, indeed, function as a public library serving the needs of a community.

Only Texas public libraries are eligible to submit applications. In the case of joint-use libraries (such as joint public-school libraries or joint public-community college libraries), the library is still eligible to apply.

The Council will also determine the application process including deadlines and award dates.

Background

At the November 4, 2013 meeting, the City Council gave direction to the scholarship committee concerning the requirements and application process for the scholarship. The committee has developed an application and review process based upon the input received from the City Council at the November 4, 2013, meeting. The City of Sachse scholarship is a

wonderful opportunity for the City to provide educational funds to a Sachse resident that is at the 12th grade level. The funds were provided by Allied Waste in the renewal of their city-wide solid waste contract.

Several department heads have worked as a committee to meet the requests made by the City Council on the scholarship application and review process.

Policy Considerations

Set a policy for the application requirements and review process for the City Scholarship through the terms of the Allied Waste contract.

Budgetary Considerations

The scholarship is for \$1,000 and will be eligible to disperse once the new contract starts on April 2, 2014, which allows us time to gather applications, select the recipient, and award the scholarship in the Spring of 2014 to a 12th grade level student residing in Sachse.

Staff Recommendations

Staff recommends approval of a resolution of the City Council of the City of Sachse, Texas, approving the application form for the City of Sachse Scholarship Fund in the amount of \$1,000.00.

File created: 1/2/2014 **In control:** City Council

Title: Consider a resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of an economic development incentive agreement by and between the Sachse Economic Development corporation and Wal-Mart Real Estate Business Trust, a Delaware Statutory Trust, or related entity, to provide reimbursement for infrastructure costs related to Blackburn Road, not to exceed \$272,712.00; authorizing its execution by the City Manager; and providing for an effective date.

Executive Summary

The purpose of this item is to provide the City Council the opportunity to consider action on an agreement between the Sachse Economic Development Corporation (SEDC) and Wal-Mart Real Estate Business Trust. The reimbursement would be paid through a reduction in sales tax receipts realized by the SEDC over a period not to exceed 10-years.

Title

Consider a resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of an economic development incentive agreement by and between the Sachse Economic Development corporation and Wal-Mart Real Estate Business Trust, a Delaware Statutory Trust, or related entity, to provide reimbursement for infrastructure costs related to Blackburn Road, not to exceed \$272,712.00; authorizing its execution by the City Manager; and providing for an effective date.

Executive Summary

The purpose of this item is to provide the City Council the opportunity to consider action on an agreement between the Sachse Economic Development Corporation (SEDC) and Wal-Mart Real Estate Business Trust. The agreement would reimburse Wal-Mart for actual costs for public infrastructure in Blackburn Road up to \$282,712.00. The reimbursement would be paid through a reduction in sales tax receipts realized by the SEDC over a period not to exceed 10-years.

Background

Attached to this agenda item is an exhibit showing Phase 1 of the proposed Wal-Mart Marketplace development located at the northeast corner of the intersection of Blackburn Road and Murphy Road in Sachse, Texas. Phase 1 is anticipated to include a Wal-Mart Marketplace, a fueling station, and a retail pad. The construction of Phase 1 requires that public improvements be made to Blackburn Road. The improvements will include demolition of the existing roadway, sub base preparation, paving, franchise utility relocation, reinforced concrete piping, a headwall, and a stormwater inlet. Once constructed, this infrastructure will largely be owned and maintained by the City of Sachse.

The engineer for Wal-Mart submitted an Opinion of Cost, that was reviewed by the City Engineer, indicating that the estimated cost for the public infrastructure is \$282,712.00. Representatives of Wal-Mart approached the SEDC requesting an economic development agreement that would provide for the reimbursement of these public infrastructure costs.

At the December 11, 2013 meeting of the SEDC, the board unanimously carried a motion "that the City Manager be authorized to negotiate and execute on behalf of the Sachse Economic Development Corporation and incentive agreement with Wal-Mart Real Estate Business Trust or related entity to provide reimbursement for infrastructure costs related to Blackburn Road not to exceed \$282,715.00; subject to City Council approval."

Since the December 11, 2013 meeting, staff has been working closely with the City Attorney to develop the attached draft agreement. The terms of the negotiated agreement are summarized below.

1. Wal-Mart Real Estate Business Trust may be reimbursed the lesser of the actual cost to construct the public improvements for Blackburn Road or \$282,712.00.
2. For a period not to exceed 10 years, 80% of the Sales Tax receipts received by the SEDC will be reimbursed to the company. The SEDC will realize 20% of the sales tax received until the public improvements are reimbursed.
3. The agreement would be between the SEDC and Wal-Mart Real Estate Business Trust only. The City of Sachse would see no reduction in Ad Valorem Tax receipts or Sales Tax receipts from the new development.

Policy Considerations

The City of Sachse is not a party to the draft incentive agreement. The agreement is between the SEDC and Wal-Mart Real Estate Business Trust. The proposed Wal-Mart Marketplace is estimated to bring 75 new jobs to Sachse and has a construction budget of \$5,150,000. It is anticipated that the project would result in additional jobs, increased Ad Valorem tax base, and increased Sales Taxes received by the City.

Budgetary Considerations

Wal-Mart estimates that Phase 1 will result in an increase of Sales and Ad Valorem Taxes to the City of approximately \$124,000 in the first year after completion. Based on Wal-Mart's estimates and after rebating 80% of the SEDC Sales Tax, the SEDC is estimated to receive approximately \$7,400 in the first year after completion.

Staff Recommendations

Staff recommends approval a resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of an economic development incentive agreement by and between the Sachse Economic Development corporation and Wal-Mart Real Estate Business Trust, a Delaware Statutory Trust, or related entity, to provide reimbursement for infrastructure costs related to Blackburn Road, not to exceed \$272,712.00; authorizing its execution by the City Manager; and providing for an effective date.

RE: Tax Abatement and Incentive Application
Proposed Retail Development
Murphy Road at Blackburn Road, Northeast corner

Dear Mr. George and Mr. Vigil:

On behalf of Walmart Stores, Inc., I am pleased to submit to you the enclosed Tax Abatement and Incentive Application for a potential retail development at the northeast corner of Murphy Road and Blackburn Road in the City of Sachse. With the help of local incentives, Walmart is proposing to anchor a new retail center at this site with a new Walmart Neighborhood Market Grocery Store of approximately 42,000 square feet and a Walmart Fuel Station on the hard corner.

Both the grocery store and the fuel station would be part of Phase I of a larger retail development. In addition, Phase I is anticipated to include a separate Phase I retail building, at the location shown on the enclosed site plan. The exact dimension and tenants for the separate proposed retail building are not that are yet finalized. In addition, it is anticipated that the retail center could include a future Phase II. With the construction of Phase II it is anticipated that the retail center would eventually reach 65,000 square feet of retail space.

City and SEDC incentives are being requested to help offset some of the high development costs of the site and to help to make this project feasible. Because details concerning the other retail uses have not yet been finalized, the enclosed application largely provides information on just the grocery store portion of the development. However, analysis has shown that the retail center would generate local taxes in the approximate range of \$90,000 to \$100,000 per year, following full build out of both phases, and that city property taxes would be approximately \$95,000 to \$100,000 annually.

Also included is a color rendering for the Neighborhood Market building and the fuel station. Should you have any questions or desire additional information, please do not hesitate to contact me. We look forward to working with you, and trust that together we can achieve a retail center that not only meets the retail needs of this neighborhood, but is an asset to the community at large.

Tax Abatement and Incentive Application

The City of Sachse and the Sachse Economic Development Corporation are committed to the promotion and retention of high quality development within the City of Sachse and to better the quality of life for its citizens. These objectives can often be attained by the enhancement and expansion of the local economy. To meet these objectives, the City of Sachse and the Sachse Economic Development Corporation will, on a case-by-case basis, consider providing tax abatements or other economic development incentives to aid in the stimulation of economic development in Sachse. The City of Sachse and the Sachse Economic Development Corporation will give said consideration in accordance with the City of Sachse Guidelines and Criteria for Tax Abatement and Economic Development Incentives Program. Nothing herein shall imply or suggest that the City of Sachse or the Sachse Economic Development Corporation is under any obligation to provide tax abatements or incentives to any applicant.
